

Underneath the Christmas Lights

Sia

Will the snow fall for me?
Christmas night, oh love
We were the ones sat by the Christmas bar
La la la la la la la

You're all I need tonight
Here above the Christmas lights

Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights

Happy presents for the girls who've cried
La la la la la la la
Happiness is ours until we die
La la la la la la la

You're all I need tonight
Here above the Christmas lights

Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
Underneath the Christmas lights
