

## Die Alone

Sick of It All

so rotten on the inside  
in heart and soul and mind  
so rotten on the inside  
guaranteed to die alone

die alone - keep the money. keep it all  
die alone - a worthless pile of bones

so rotten on the inside  
where all the truth hides  
the lie that's on the outside  
is worn like a disguise

die alone - keep the money. keep it all  
die alone - a worthless pile of bones

so rotten on the inside - guaranteed to die alone  
so rotten on the inside - guaranteed to die alone

there is no room left for things that we possess  
there is no room to take it with you  
the only thing left. emotion we possess  
the feelings that would love or hate you

die alone - die die  
there is no room to take it with you  
die alone - die die  
no one will care and none will mourn you  
die alone - die die  
you have no room to take it with you  
die alone - die die  
no one will mourn. they want to see you gone  
they want to see you gone  
die alone
