

## Facing the Abyss

Sick of It All

Our mistake is to put faith into those who lead astray  
The voice of the common man is not the voice of reason

I'm dismayed by the disdain  
simple minds can show  
Glory goes against the grain  
Glory overthrows

Despairing masses, ALL FEAR THE SAME THING  
Few can raise, STRENGTH FROM WITHIN  
Facing the vacuum, FACING THE ABYSS  
Few can face, losing belief like this

Talking heads and shady news  
will only serve to confuse  
Talk of free society  
is also talk of treason

I'm betrayed by the disdain and it makes me wonder  
If the glory's not engrained  
When will we go under

Keep that direction  
Stay on the course  
No motivation offered  
and no rewards  
Stay self-reliant if ostracized  
Exchange that mass approval for inner light

Despairing masses, ALL FEAR THE SAME THING  
Few can raise, STRENGTH FROM WITHIN  
Facing the vacuum, FACING THE ABYSS  
Few can face,  
Losing belief like this
