

Never Measure Up

Sick of It All

No one can see you, no one can see
No one can sense humility
No one can hear you, no one can hear
Inadequacy's in the air

The greatest fear for you to be
Exposed for all the world to see

Never-measure-never-measure-never-measure
Never-measure-up

I know they see me, I know they see
I know they sense humility
I know they hear me, I know they hear
Now I face my greatest fear
