## **Sound the Alarm**

Listen! Oh you've heard it before As they tighten the noose we still ignore The truth, the proof as freedom dies Or are we just being paranoid

THINK WE'RE SAFE SAFE FROM HARM STAND UP NOW SOUND THE ALARM

Won't see the truth or open your eyes Spent your whole life caught in their lies Keep your nose clean, live by their laws What will you do when they kick in your door WHO WILL SAVE YOU

Comfort is what we crave The truth is disturbing vile and brave Chastise the ones who bring it to light With your head in the sand you wait to die

THINK WE'RE SAFE SAFE FROM HARM STAND UP NOW SOUND THE ALARM

Won't see the truth or open your eyes Spent your whole life caught in their lies Keep your nose clean, live by their laws What will you do when they kick in your door WHO WILL SAVE YOU WHO WILL SAVE YOU NOW

WAKE UP, We're all fighting to get by WAKE UP, Locked in place and kept blind WAKE UP, Break the hold break the norm WAKE UP, Stand and fight sound the alarm

WHO WILL SAVE YOU NOW?
