

# One Night Stand

Sick of Sarah

Ill make you wonder  
Ill make you wonder now  
Give your fingertips a break  
Ill take you under

Ill make you wonder  
Ill make you wonder now  
Give your fingertips a break  
Ill take you under

Ill take you under

And when it starts back into night  
You'll ask me if I want to play  
Come and chase me through the night and  
Feel this fine line escalate

Ill make you wonder  
Ill make you wonder now  
Give your fingertips a break  
Ill take you under

Ill make you wonder  
Let me whisper melodies  
Pull me in a little more  
Pull me close, serenity

If you can't stop me  
no you'll do it  
Now you'll do it  
No you do it again

And when you wake up  
In yesterdays makeup  
You left me with the message  
Can we still be friends

And when it starts back into night  
You'll ask me if I want to play  
Come and chase me through the night and  
Feel this fine line escalate

I can't believe you're,  
I can't believe you're gone  
I can't believe you're,  
I can't believe you're gone

You were my little favorite feeling  
Lets sing la-la-la-lala  
You are my new favorite feeling  
You are my new favorite feeling

Singing whoa-aoh-aoh  
I catch you at the right time  
Not my Feeling, not my felling

If you can't stop me

no you'll do it  
Now you'll do it  
No you do it again

And when you wake up  
In yesterday's makeup  
You left me with the message  
Can we still be friends

And when it starts back into night  
You'll ask me if I want to play  
Come and chase me through the night and  
Feel me taste your breath away

I can't believe you're,  
I can't believe you're gone  
I can't believe you're,  
I can't believe you're gone
