

All the Same

Sick Puppies

I don't mind where you come from
As long as you come to me
But I don't like illusions I can't see
Them clearly
I don't care, no I wouldn't dare
To fix the twist in you
You've shown me eventually what you'll do

I don't mind, I don't care
As long as you're here

Go ahead and tell me you'll leave again
You'll just come back running
Holding your scarred heart in hand
It's all the same
And I'll take you for who you are
If you take me for everything
And do it all over again
It's all the same

Hours slide and days go by
Till you decide to come
And in between it always seems too long
all of sudden
And I have the skill
Yeah I have the will
To breathe you in while I can
However long you stay
It's all that I am

I don't mind, I don't care
As long as you're here

Go ahead tell me you'll leave again
You'll just come back running
Holding your scarred heart in hand
It's all the same
And I'll take you for who you are
If you take me for everything
do it all over again
It's always the same

Wrong or right
Black or white
If I close my eyes
It's all the same

In my life
The compromise
I'll close my eyes
It's all the same

Go ahead say it you're leaving
You'll just come back running
Holding your scarred heart in hand
It's all the same
And I'll take you for who you are now

If you take me for everything
Do it all over again
It's all the same
