

Holding Out

Sick Puppies

Everybody's telling me to just keep it together
Get back on track get out of the sack!
And that'll make you better!
Well maybe I don't wanna get outof the
water every single day
Not yet just yet!
WON'T YOU WAIT TILL I CAN FEEL AGAIN!

So this time around got a little bit of time got
a little bit left to say
Because I'm just a loser you like to abuse got a
little bit left to say
So would you look at the world with a different
time
Rack them all up and knock them down
RACK THEM ALL UP AND THEM BLOW THEM ALL OUT!

Been holding out
For a better day to cum
The I'll see the sun
With you
