

# Give Me Christmas

Sidewalk Prophets

Get out of bed  
Outside the window there's nothing but snow  
Run down the stairs  
The smile in my heart has spread down to my toes  
Heaven knows

Ribbons of red  
Presents as far as the eye can see  
In this wonderland  
The tree is a tower of gold and green  
What a wonderful scene

All the lights and the toys  
Bring us joy  
In the end, it's just not enough  
Cause what we really need  
And what Christmas really means is love  
Give me Christmas, give me Christmas

The table is set  
A house full of friends and family  
The fire is warm  
We'll be singing those songs and laughing all night long  
Cause there's one thing we all can agree

All the lights and the toys  
Bring us joy  
In the end, it's just not enough  
Cause what we really need  
And what Christmas really means is love  
Give me Christmas, give me Christmas

Gather round the tree  
And remember what Christmas really means

All the cookies and candy  
The carols and candles  
The stockings and the snow  
All the tinsel and trimmings  
And the lights are all twinkling  
The world is all aglow  
All of these things are so wonderful beautiful  
But what we really need is love

Give me Christmas  
Give me Christmas
