

# Father of All Lies

Siebenbürgen

Welcome to my world below  
I grant thee pleasures unknown  
Bestow thy sins, forfeit thy soul  
Praise me as thou fall...  
Cast thy self before me  
Pray on bended knee  
Be my shadow, serve my ways  
As given unto thee...

Seven sins  
Seven ways to heed...  
...Seven sins  
Seven ways to heed my destiny...

"Behold my visions, remember my past  
I am the lord of the flies  
In feeble rapture, weak adore  
Twelve bastards and a whore  
So choose your path, left or right  
I am the father of all lies"

As above, so below  
Another kingdom, another grace  
I bid thee welcome, to the inverted  
United in flames  
Don't fear the reaper, thy only foe  
And thy key to me...  
In death thou will find  
The powers of darkness entwined...

"Behold my visions, remember my past  
I am the lord of the flies  
In feeble rapture, weak adore  
Twelve bastards and a whore  
So choose your path, left or right  
I am the father of all lies"

Welcome to my world below  
I grant thee sights unseen  
Bestow thy sins, forfeit thy soul  
Praise me in thy fall...  
Cast thy self before me  
Pray on bended knee  
Be my shadow, serve my ways  
As given unto thee...

Seven sins  
Seven ways to heed...  
...Seven sins  
Seven ways to heed my destiny...

"Behold my visions, remember my past  
I am the lord of the flies  
In feeble rapture, weak adore  
Twelve bastards and a whore  
So choose your path, left or right  
I am the father of all lies"
