

## Disrespectfully Yours

Sieges Even

You have coffee when I have a pee  
You start bitching about everything linked to me  
On this record played for too many times  
Don't you think we've discussed in to the nines  
I just turn a deaf ear to you hold your tongue or tell me something new  
I just turn a deaf ear to you I'm wandering you're still around  
Stick to your guns or shut your mouth I don't know why you're still with me  
You neither do as far as I can see bite back your speech  
Just fade out your voice it makes me sick ending is better than mending  
And even you got the plan to make me someone new  
Got the plan to make me someone new  
And even you do not have the view to pull it through  
Go not have the plan to pull it through  
Bite back your speech just fade out your voice  
It makes me sick ending is better than mending  
And even you got the plan to make me someone new  
Got the plan to make me someone new  
And even you do not have the view to pull it through  
Pull it through, pull it through, pull it through
