

You better should know  
It isn't a show  
It's not a gag  
A song full of sense - extravagance  
I've got in my bag  
For my morphemes  
That themes  
Are no handicap  
I live the life of a thinker  
Have got all classics in my repertoire  
I've got no choice  
I prefer boyce  
To classical art  
Expressive sound  
Scho"nberg I found  
Left grandpa Mozart  
I live a life with high standards  
That's why I like being cultured  
Can't you see it in my eyes  
My education is no disguise  
The reason why I'm talking over your head  
I'm a grad  
A good excuse I always use is my intellect  
No doubt - you're out  
That's a fact  
Can't you see it in my eyes  
My education is no disguise  
The reason why I'm talking over your head  
I'm a grad
