

Sea Of Smiles

Sienna Skies

Nowhere is perfect except here with you
I'll turn your skies a bright red when they were blue
Together we will fight and take over this town
There's a new queen of this city baby and your wearing the crown

Coz when it comes down the crunch I will always be there
A tidal wave of your sea of smiles
This perfect moment shared
And all these moments shared they will be shared right and true
Nowhere is perfect except here with you

Our eyes locked tight and the moment was right
I saved you from yourself
You will realise that true love is for real
Just look in my eyes and you'll see how you feel
What will it be?
This city or me?

Coz when it comes down the crunch I will always be there
A tidal wave of your sea of smiles
This perfect moment shared
And all these moments shared they will be shared right and true
Nowhere is perfect except here with you

I got lost in love
You are the one I'm always thinking of
Your eyes shed light over the whole town
Bright eyes, always wear your crown

I lost myself in your eyes
And i drown myself in your sea of smiles
And I watched myself in your eyes
And I drowned myself in your sea of smiles

True Love Will Last
