

## Desolation (Symphonic Version)

Sigh

My mind's desolation, extreme detestation  
Total abnegation, eternal desecration

My mind is desolate, feel my hate  
An invisible parasite, dwelling inside  
The reign of fear, cruel and severe  
My urge to kill, I can't control

No matter what will happen  
I will have no regrets  
I have relinquished my soul  
And come to learn of evil
