Lost Away

We used to dance together The sky had a purple haze Now, stops when we get up and time just slips away

Can we get lost away from here? Just one day, oh please say you'll do it To be lost away, to be lost away from here God, I'm scared if we don't dare, we'll lose Lost awaaaaay Lost awaaaay Lost awaaaay Lost awaaaay

Let's go rediscover A world in the woods and trees We can't be slaves to others Lock your chains to me!

Can we get lost away from here? Just one day, oh please say you'll do it, oh oh oh To be lost away, to be lost away from here God, I'm scared if we don't dare, we'll lose Lost awaaaaay Lost awaaaay Lost awaaaay Lost awaaaay
