

# Running

Sigma

You let go  
You moved on  
Wasn't easy  
We're just friends  
Why are you saying you need me?

You can say you're fine  
But I know that I'm  
I'm still on your mind

Cause you're keep running  
Stop ..  
Just keep running to me  
I like it, please don't fight it  
Just keep running to me  
Keep running  
Keep running  
Keep running to me  
Keep running  
Keep running  
Keep running to me

Don't you dare  
Think that I'm [?]  
Causes you calling me  
So who's the one that is still with me?

You can say you try  
But I know that I'm  
It's my turn to play your mind

Cause you're keep running  
Stop ..  
Just keep running to me  
I like it, please don't fight it  
Just keep running to me  
Keep running  
Keep running  
Keep running to me  
Keep running  
Keep running  
Keep running to me yeah

Give his hell  
Give his hell  
Give his hell
