

# When the Moment's Gone

Sikth

I heard your voice today, it echoed through my mind  
I can't stand the thought of losing you  
I'm so dumb these days are getting so confused  
I wish I could have the chance to be with you lady again (again)  
Can't find the words, I can't find the words  
(Happiness lies within you) Just know happiness lays with you and the birds  
You and the birds  
The birds  
Singing on a summers morning

Why are you so far, so far away?  
So far, so far away?  
Now the moments gone, the moments gone

Took so long to find you then you fly away again

(I heard your voice today)  
I heard your voice today  
(It was on my)  
It was on my answering machine  
I played it back again and again and again  
(And I regret)  
And I regret not listening more clearly when I was drinking  
Oh the words you said, with a dainty little whisper  
(With a dainty whisper)  
With a dainty whisper  
Whisper

Sinking in your sand I saw my heart still weeping for your lure  
You are the clover I have warmed to  
The blossom always growing in your heart  
Now I think I love you  
I think I love you

Why are you so far, so far away?  
So far, so far away?  
Now the moments gone, the moments gone  
The moments gone, the moments gone

Look at the calendar  
How long till I see her?  
I got a plan  
To see you in that distant land  
Try to live  
I want you to be here  
You opened up to much  
I wanted to come up and hug you  
But you're five thousand miles away  
Up in the sky  
I'd have to fly away from here  
Here  
The gravy smear  
From here  
Here  
The gravy smear  
Just say whenever  
Want to be with you now lady

Out of this grey climate too true  
So take a look in the mirror  
Shiver shiver vagabond  
Take a look at the state of the  
The beast in front of me now  
How could you desire a east like me?  
A beast like me?  
So far away I can not take it  
Feel alright?  
Feel alright?  
Feel alright?  
I wanna try to walk but there's no ground beneath my feet now  
Feel alright?  
Feel alright?  
Do you feel alright?  
As we sail in through this dream of summer love?
