

## Walks & Strolls

Silage

More than anything else  
I want to marry that girl  
Who holds my hand and calls my name  
More than anything else  
I want to carry that girl  
And hold her hand and call her name

Oh God, You know  
Oh God, You know  
You know the songs  
I sing inside

More than anything else  
I want to be in a band  
That walks and strolls  
And strolls and walks  
More than anything else  
I want to be in a band  
That rocks 'n' rolls and rolls 'n' rocks

More than anything else  
I want to give it to You  
My lovely girl, my neat-o band  
More than anything else  
I want to give it to You  
Give it to You
