

Give Me Time

Silent Circle

Give me time without fears,
Give me time without tears,
Give me time now to stay with you

Give me time to find the truth,
I don't want to fail and lose,
Give me time then I follow you

In your eyes I wanna see
If the feeling's for me
And my heart will be sure loving you
Give the time that I need
Give me time now to say
"i love you"

Give me time for some words,
Give me time 'cause love can hurt,
Give me time just to be with you
Give me time for a night,
You and me side by side,
Give me time and I'll stay with you
In your eyes I wanna see
If the feeling's for me
And my heart will wish of loving you
Give the time that I need,
Give me time now to say
"i love you"

Losing all my ways
When you're so far away
I'm breakin' down, can't stand it anymore

Running through the time,
Searchin' for your heart
But all that I need is your time
