

ONE MORE NIGHT

Silent Circle

One more night on the dark side
One more night in the falling rain
One more time that I'm crying
How could it be that you're so in vain
Let's break the chain, let's break the chain

(More and more I'm secure)
(Fall in love that's enough)

Love is all we used to do
Love meant life to me and you
How I miss you - can't forget
That love we had

More and more I don't know
How could I let you go
Now it's time just to find
It's more than a feeling

One more night on the dark side
One more night in the falling rain
One more time that I'm crying
How could it be that you're so in vain

Don't take my breath away
Strange what I feel
One more night that you leave me
One more night in the falling rain
Let's break the chain

Let's break the chain

(More and more I'm secure)
(Fall in love that's enough)

Something's going on with you
I still can't believe it's true
Now your heart is cold as ice
You told me lies

More and more I'm secure
You're playing an evil game
Fall in love that's enough
Let out all your feeling

One more night on the dark side
One more night in the falling rain
One more time that I'm crying
How could it be that you're so in vain

Don't take my breath away
Strange what I feel
One more night that you leave me
One more night in the falling rain
Let's break the chain

(More and more I'm secure)

(Fall in love that's enough)

(More and more I'm secure)

Let out all your feeling

One more night on the dark side

One more night in the falling rain

One more time that I'm crying

How could it be that you're so in vain

One more night on the dark side

One more night in the falling rain

One more time that I'm crying

How could it be that you're so in vain

Don't take my breath away

Strange what I feel

One more night that you leave me

One more night in the falling rain

Let's break the chain
