## **Silent Circle**

Dancing by yourself every night, Waiting for the glimpse of the lights Nah-nah-nah Looking into sparkling eyes, Telling you the sweetest lies Nah-nah-nah You feel the heat, Want to be free Try to escape someone's coming Shy girl (shy, shy girl) (3x)Shy girl He says I've been watching you, In my mind I'm feeling blue Nah-nah-nah Maybe we all want the same, Maybe it's the rule of the game Nah-nah-nah We feel the heat Like as can meet We got the right to illusions Shy girl (shy, shy girl) Shy girl Shy girl (shy, shy girl) (2x)
