

## Man & Machine

Silent Force

When I'm driving down the road  
I want to feel the speed  
I push my machine to the max,  
This is what I need  
My fingers gripping, grip so tight,  
My foot is to the floor  
My blood is racing through my veins,  
This is my reward

Test my fate by living on the edge (on the edge)  
And if I die I die just like so many others

Man and machine -  
I can't hide my need for speed, I'm the man  
Man and machine -  
And I'll try fast as can be

My heart is beating with such might  
I feel it might explode  
Throwing caution to the wind  
It flattens down the road  
The sirens screaming, scream so loud,  
I laugh and sing along  
The engine makes a noise so sweet,  
As sweet as any sound

I feel my hair is standing on its edge (on its edge)  
I lose control just around the bend

Tires squealing, ripping metal,  
It's over in seconds,  
It was so orchestral  
My body now is beaten and battered,  
As fast as it could be  
Was all that had mattered

Man and machine -  
I can't hide my need for speed, I'm the man  
Man and machine -  
If I die don't cry for me, I'm the man  
Man and machine -  
Oh, we're as one, man and machine

Man and machine...
