

Don't Go To Bed Mad

Silk

I was wrong I admitted
You don't have to put up with this no-no-no baby
Can we talk to make it right
Cause I don't want you crying when we lay down tonight
So let me see that smile the one I like so much
Come on baby let's we don't have rush
Baby don't be mad I'm sorry
Can't you see I apologize the blame is on me

Don't go to bed mad baby
Let the pass be the pass sugar
Don't go to bed mad baby
Let the pass be the pass sugar

Ooooo come here and give me a kiss
Ain't no reason for us to be fighting like oooo
Girl I love you and I know you love me
It's look better when you smile so won't you go that for me
So let me see that smile the one I like so much
Come on baby let's
We don't have to rush baby
Don't mad I'm sorry
Can't you see I apologize
The blame is on me.
