

# Hooked On You

Silk

Yeah, come on  
I got hooked on you, oh oh  
You got me hooked, baby

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do

It means the world to me  
If you stay with me  
But I know what goes around  
Comes around

Even though I want this to be  
You have changed lately, oh yeah

There goes your pager  
Then an hour later  
It's time to go  
But you don't tell me so, no, no, no

You say you're coming back  
And I believe you're coming back  
I want you for me

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do

Oh I tell myself  
You are mine and no one else  
Yeah, can have ya? Oh yeah

Even though in jealousy  
I'm running in the league  
But you don't know how much you mean to me

There goes your pager  
And an hour later  
It's time to go  
But you don't tell me so, oh no

You say you're coming back  
And I believe you're coming back  
It's just not the same without you

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do

I don't want the rest  
Girl, you are the best  
And you know

What am I to do  
If I ever lose you?  
I'd rather be by myself

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do

There's no living without you  
Got me hooked on everything you do  
No living without you  
Got me hooked on everything you do
