How Could You Say You Love Me

You really hurt me, you left me out in the rain You left me nothing but a lot of memories and pain I thought that you were happy

That we would be forever but I was wrong I couldn't see the signs you gave You never even let me know, no, no, no

How could you say you love me If you really didn't mean it? I gave you all the love I had to give

Baby, I trusted you with all my heart You took my love, tore it apart How could you say you love me If you didn't mean it, if you didn't mean it? No, no, didn't mean it

I never left your side, I was there through thick and thin And baby when you would cry, your heart I would always mend How could you throw love away? You left me flat right on my face I'm so sad, my feelings all have run away And I'm living in loneliness, so lonely, so lonely

How could you say you love me If you really didn't mean it? I gave you all the love I had to give

Baby, I trusted you with all my heart You took my love, tore it apart How could you say you love me If you didn't mean it, if you didn't mean it?

How could you say you love me If you really didn't mean it? I gave you all the love I had to give

Baby, I trusted you with all my heart You took my love, tore it apart How could you say you love me If you didn't mean it, if you didn't mean it?

Tore my love, tore my heart, baby You hurt me so bad, now I'm standing here so sad Oh, babe, oh, my, my baby

Don't know what to do Don't know what to say Don't know how to feel, hurt me so bad If you didn't mean it You shouldn't have said
