Yeah, tonight
Tonight, gonna get some, baby
Get some, tonight gonna get some, baby
Get some tonight

I remember when we used to get freaky, babe
I remember when you used to talk nasty, baby
Oh girl I wanna do you, feel you up and just consume you
Won't you let me come inside you, can you feel me, babe?

Tonight you're gonna get it
Baby, tonight don't even sweat it
Oh, gonna get some, baby
Oh, gonna get some, baby
Get some tonight

Now you know just what I'd love to do can I sex ya, babe
Girl you're acting like you want to, so can I wet you, babe
Pull you close just like a magnet, freak you like you've never had it
'Cause girl my lovin is the baddest, can you feel me?

Tonight you're gonna get it
Baby, tonight don't even sweat it
Oh, gonna get some, baby
Oh, gonna get some, baby
Get some tonight

If you just let me in, then I can show you what I'm feeling
With my sexual healing, tonight
And if the time is right, let's not wait no longer
'Cause girl you know I want you, oh

Tonight, tonight, tonight, oh

Tonight you're gonna get it
Baby, tonight don't even sweat it
Oh, gotta get some, baby
Oh, gonna get some, baby
Get some tonight

Tonight you're gonna get it
Baby, tonight don't even sweat it
Oh, gonna get some, baby
Oh, gonna get some, baby
Get some tonight

Tonight you're gonna get it
Baby, tonight don't even sweat it
Oh, gonna get some, baby
Oh, gonna get some, baby
Get some tonight

Tonight
Gonna get some, baby
