

# Felix In The Sky

Silke Bischoff

i heaven't seen you  
for a while  
and now you're here  
with a rainbow in your eyes  
i can see your smile  
and your tears  
so don't tell me lies

the same as it ever was  
nothing changed  
believe me it's true  
the same as it ever was  
i'm still loving you

24 hours  
i'm running wild  
this is the future  
i'm laughing like a child

48 hours  
the universe in my eyes  
felix in the sky

72 hours i can't sleep  
there's too much paranoia  
life is cheap

96 hours i wanna die  
i am falling  
i close my eyes
