

Leave Me Forever

Silke Bischoff

No way to run no way to hide
living here in this cage
I can't leave the city 'cause I belong
to the boys of the band
driving alone in a starless night
I could die for shame
there's no excuse, I've lost control
I love you so

Leave me forever, Get out of my live
Leave me forever before I lose my mind
I see you everyday in his arms
I see you everyday in his arms

I've seen the rainbow in a blue sky
with a silent heart
and I've seen the abyss in an angel's eye
wild at heart
I'm dead and buried in an ivory-tower
in a golden grave
I'm dead and buried for eternity
I'll be your slave
