

## On The Other Side

Silke Bischoff

Do you remember slow-motion-times  
With little golden stars?  
I see you tumble in the streets  
I hold your hand in the cinema  
A piece of haven  
In a rotten world  
You dissapeared in a roaring night  
I could die  
I CRY

On the other side I'll see you again  
On the other side We'll walk hand in hand  
On the other side I'll see you again  
On the other side We'll walk hand in hand  
I saw you again with tears in your eyes  
My heart beats hard  
Time doesn't move in a picture  
But I can't live in the past  
Life is easy  
If you don't care about the future  
And it's easy to smile  
If you didn't care about the truth  
I still love you  
But I've changed myself  
On the other side I'll see you again  
On the other side I'll see you again  
On the other side I'll see you again  
On the other side I'll see you again  
On the other side We'll walk hand in hand  
On the other side I'll see you again  
On the other side  
We'll walk hand in hand  
When I see you ...
