

# A Thousand Miles

Silver End

I will not let this fade  
With all my strength I will evade  
Everything that's thrown our way  
So hear me say  
I will guard this with my life  
In every battle I will strive  
To lay it all to rest  
To rest

If dark forces try to break us  
I will put it all at stake 'cause  
I would walk a thousand miles  
To bring you back again  
I won't let the earthquakes hit us  
I will take you through the storms as  
I would walk a thousand miles  
To bring you back again

For the first time I'm ashore  
I've found what I was looking for  
And I find myself at peace  
Now I'll never cease  
And I'll never let you go  
How could I now that I know  
What these feelings do to me  
To me

If dark forces try to break us  
I will put it all at stake 'cause  
I would walk a thousand miles  
To bring you back again  
I won't let the earthquakes hit us  
I will take you through the storms as  
I would walk a thousand miles  
To bring you back again

You're all I ever  
Dared to hope for  
I'd bring you back to me  
I'll stay forever  
And just like I swore  
I'll bring you back to me  
I'll bring you back

If dark forces try to break us  
I will put it all at stake 'cause  
I would walk a thousand miles  
To bring you back again  
I won't let the earthquakes hit us  
I will take you through the storms as  
I would walk a thousand miles  
To bring you back again

If dark forces try to break us  
I will put it all at stake 'cause  
I would walk a thousand miles  
To bring you back again

I won't let the earthquakes hit us  
I will take you through the storms as  
I would walk a thousand miles  
To bring you back again
