

I'll never cease
I'll never let go
I'll force you to surrender
There's no release
I'll push you below
You're just a pretender
Acting to be what
You think you should be
You'll never be free
Just keep your mouth shut
I'll count to three
And you can try to flee

So run if you please
Or drop to your knees
It doesn't even matter
This is beyond you
This is beyond you

You've chosen your past
So just keep on moving
Your pride tells you to go
Never look back
And never improving
Now face your final blow
Trying to act like
You haven't noticed
Your chosen path is wrong
We just exist
We all just move along

So run if you please
Or drop to your knees
It doesn't even matter
This is beyond you
This is beyond you

So run if you please
Or drop to your knees
It doesn't even matter
This is beyond you
This is beyond you

So run if you please
Or drop to your knees
It doesn't even matter
This is beyond you
This is beyond you
