

# Reflections Of A Sound

Silverchair

In the sun we are found to be  
Reflections of a sound

I know it's been far too long in stormy weather  
My arrested hope won't choke forever  
Like a memory I needed never

We walk wrapped in thought  
Some are vacant some have grown too short  
It's the only thing I've ever had that keeps me lonely

In the sun we are found to be  
Reflections of a sound  
When nobody is around

Come down from the waist of time  
Feel so empty when I feel so fine  
Starting over we could change this light shadow sober

I've been waiting for far too long  
Let's stick together  
Coz you're keeping me warm but it's a lonely setting sun

I wait so long now my head is full of pressure  
I need time to cure my mind  
It's like a loop that lasts forever

I've been waiting for far too long  
Let's stick together  
Coz you're keeping me warm but it's a lonely setting sun

In the sun we are found to be  
Reflections of a sound  
For nobody
