

Broken Stars

Silverstein

Shooting daggers at me
Letting it be known you're not impressed
I never fail at failing all your tests
Don't be so proud
'Cause you're still so scared to be alone
And you can't change your mind

You won't embrace this
But you'll accept it
You can't let go

Broken stars
By a single shattered mirror
Seven years of trust
I know you'll never change for anyone
A cold heart never rusts

My mind's made up
And I'll know I'll do the right thing
Get up and stand tall
My mind's made up
Why am I scared I won't be able
To get up when I fall

We cast a single shadow for so long now
It's so hard to see the sun at all (the sun at all)
But you need light to see
the writing on the wall

My mind's made up
And I'll know I'll do the right thing
Get up and stand tall
My mind's made up
Why am I scared I won't be able
To get up when I fall

..Into the hole I've made
I'll place myself alone
I'll find the strength within myself
To climb out on my own, own!

My mind's made up
And I'll know I'll do the right thing
Get up and stand tall
My mind's made up
Why am I scared I won't be able
To get up when I fall

Yeah!!

These broken stars
Can't be put back in the sky
I can still feel the scars!
I won't, I won't let them die!
We won't, we won't fade away!
And now we will set this all ablaze
