

# Call It Karma

Silverstein

Blame it on the weather, but I'm a mess  
And this February darkness has me hating everyone  
And I know I need your comfort, but this drama makes me sick  
And the longer I lay here I know it's harder to get up  
without you

Lose another day here  
Lose another year here  
I'm with you

Find me something out there that's making sense  
And it's just another trend carefully hidden in your dress  
And the cycles neverending and the fashions overdone  
And the further that I run away, the further I'll come back  
to shelter...

Lose another day here  
Lose another year here  
I'm with you

You are the fire on my apartment floor  
Sixteen stories, I'd rather burn than fall  
It isn't fate that took us all by storm  
It's just the turn of a card

Lose another day here  
Lose another year here  
I'm with you

You are the fire on my apartment floor  
Sixteen stories, I'd rather burn than fall  
It isn't fate that took us all by storm  
It's just the turn of a card

Goodbye, old friend  
Goodbye, goodnight 3x zahraj  
I'll move on  
You'll call it fate, I'll call it karma  
We had our time, it was fun  
while it lasted

I'll look back with honor  
and no regrets  
I won't be mad, won't feel bad  
These memories will never leave me  
Don't be sad  
cause life goes on, life goes on  
It's getting too late  
Tomorrow is here
