

# Darling Harbour

Silverstein

In a lighthouse by the sea  
At the 33rd degree  
You make me feel so special and free  
But there's something in the air  
Turning starters into stares  
I look into your blue eyes and say

(Darling)  
Don't throw it all away  
(Darling)  
I'm here to make you stay with me

In the sun I look so pale  
Northern skin's so thin and frail  
But I try to close my eyes when everything starts fading  
When I wake up from this dream  
Shivering under cold sheets  
Ten thousand miles away, I wish I was on king street

(Darling)  
Don't throw it all away  
(Darling)  
I'm here to make you stay with me

Newly risen, how brightly you shine  
Something seems to give inside my heart when you're nearby  
All I've given to you is vacant eyes  
I don't understand  
I can't figure it out, I can't figure it

On a park bench by the street  
At the 43rd degree  
I'll sit and watch the snow fall and think  
If these words could tell the tale  
And excuse to no avail  
Would you ever begin  
To forgive me again, to forgive me now

(Darling)  
Don't throw it all away  
(Darling)  
I'm here to make you stay with me  
(stay with me)

(Darling, don't throw it all, don't throw it all away)  
Don't throw it all away  
I don't understand, I don't understand  
(Darling, I'm here to make, I'm here to make you stay)  
I'm here to make you stay  
I can't figure it out, I can't figure it
