

Good Intentions

Silverstein

Things I try don't work out
Other people gripe and shout
That's not positive
I'm not perfect, I'm just Civ

Trial and error...good intentions!

Throw a beer at the stage
That's how you behave
Paid admission, had no fun
You think I'm the stupid one

Think again...good intentions!

I'll just try my best...and you?
Nothing!
