

Live to Kill

Silverstein

We live to kill each other
We are the wealthy and the poor
We shout but we don't listen
All we want is more

Shut the door
You're letting the darkness out
It's just about the time to watch you die
Close the blinds
We're hiding our skin from sun
Where you become yesterday's headlines

I never said that I was sorry

We live to kill each other
We are the wealthy and the poor
We shout but we don't listen
All we want is more
It will be beautiful
When I'm catching in the life I stole
With the perfect sound at the perfect time
All the single words I forged to line
It is safe to say to forget your name
When the song I wrote's on the stereo
I don't have to justify
Paying your dues is a waste of precious time

What would you leave when you could follow?

We live to kill each other
We are the wealthy and the poor
We shout but we don't listen
All we want is more

More than we deserve
Realize our potential
Maximize our return
We'll conserve
A portrait of everything perfect
And aim every house has heard

I'd take it all and leave you nothing

We live to kill each other
We are the wealthy and the poor
We shout but we don't listen
All we want is more
We live to kill each other
We are the wealthy and the poor
We shout but we don't listen
All we want is more
All we want is more
All we want is more
