

Bloody Mary (Nerve Endings)

Silversun Pickups

Drown you out
And left you with the sounds
Of spoiled goodnights
Replacing lullabies

How could they never notice
What they planted in your space
See you laughing in our picture
But I know what's out of frame

You barely cried
But you made it out alive
And I'm so proud
That you're in my hands now

If we grew up together
You would find it's not the same
I wanna jump inside that picture
Show you a new game

If we stay long enough
We can play with Bloody Mary
Say her name into the dark
Activate our nerve endings
If we stay long enough
We can play with Bloody Mary
She'll chase us through the dark
Activate our nerve endings

If we stay

I'll never let them get closer
Or shower you with any blame
Now we dance in our own picture
Where the rules have changed

If we stay long enough
We can play with Bloody Mary
Say her name into the dark
Activate our nerve endings
If we stay long enough
We can play with Bloody Mary
She'll chase us through the dark
Activate our nerve endings

If we stay
