

Sci-Fi Lullaby

Silversun Pickups

No more resolutions
No more leading on's
No more cheap discoveries
No 'where did we go wrong's'

It's over, over, over
Over you
It's over, over, over
Over you

No white noise could save us, no
No 'what could we have done's'
No piece of shit discoveries
For our little alien

'Cause it's over, over, over
Over you
It's over, over, over
Over you

'Cause it's over, over, over
Over you
