## Simian Mobile Disco

I'm a hustler baby  
That's what my daddy's made me  
Yeah I'm a hustler baby  
That's what my daddy's made me  
I'm a hustler baby  
That's what my daddy's made me  
Yeah I'm a hustler baby  
That's what my daddy's made me

If I had the money to go to a record store, I would  
I I would  
If I had the money to go to a record store, I would  
I I would

Go to the record store  
Go to the record store  
Go to the record store  
Put records in my clothes  
Go to the record store  
Go to the record store  
Go to the record store  
Pass me back man

Go to a record store  
And put it in my clothes and  
Walk past that record man  
Got to have the sticky hands  
You ass is broke  
You ass is broke  
Like me  
Like me

Go to that record store  
Steal some record man  
Go to that record store  
Steal some records man  
I'm telling you I'm broke  
I'm telling you I'm broke  
But I'm survivor than you that I can cope

Yeah I'm a hustler baby  
That's what my daddy's made me  
Yeah I'm a hustler baby  
That's what my daddy's made me  
Yeah I'm a hustler baby  
That's what my daddy's made me  
Yeah I'm a hustler baby  
That's what my daddy's made me

It's 8 o'clock  
And I got nothing to do  
Can't go to the club  
So I guess I go to the record store

Visit my record man  
With my sticky hands  
Walk out that record door

Put your records in my clothes  
The records in my clothes

What the fuck is you gonna do  
What the fuck is you gonna do  
About it, nothing

Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it

I'm a hustler baby  
Push it push it push it push it  
That's what my daddy's made me  
Push it push it push it push it

Yeah, I'm a hustler baby  
Push it push it push it push it  
That's what my daddy's made me  
Push it push it push it push it

Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it  
Push it push it push it push it
