I Got This Down

Simian Mobile Disco

I got this down right I got this all tight I got this down right You got no place to hide All night I got this down right I got this all tight All night I got this down right You got no place to hide I got this down right I got this all tight I got this down right You got no place to hide All night I got this down right I got this all tight Bring it on Wanna see what you're looking at me You wannabe All night I got this down right You got no place to hide Watch me what you looking at me You wannabe Dance all night I got this down right I got this all tight I got this down right So all night All night I got this down right I got this all tight I got this down right So all night All night
