

Off The Map

Simian Mobile Disco

The Man Machine
The Sax Machine
And everything
In between

The shoes
The floor
The makeup (Put makeup)
The dog

D-I-S-C-O
And I go

I know a place
Under the bridge
And off the radar

You can be Space
I'll be The Invader
I'll take you there

Why don't we step off the map?
Keep on turning till there's no turning back
Why don't we step off the map?
Keep on turning till there's no turning back

Smoke it up
Suck it down
Burn it up
Throw it down

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaaa (Aaaaaaaaa)

Keep on turning till there's no turning back
Keep on turning till there's no turning back
Keep on turning till there's no turning back
Keep on turning till there's no turning back

Now I know a place
Under the bridge
And off the radar

You can be Space
I'll be The Invader
I'll take you there

Why don't we step off the map?
Keep on turning till there's no turning back
Why don't we step off the map?
Keep on turning till there's no turning back

Smoke it up
Suck it down
Burn it up
Throw it down

Suck it up

Smoke it down
Burn it up
Throw it down

Keep on turning till there's no turning back
Keep on turning till there's no turning back
Keep on turning till there's no turning back
Keep on turning till there's no turning back

(All Niiiiiiiiiiiiiiiiight)
Keep on turning till there's no turning back
Keep on turning till there's no turning back
Keep on turning till there's no turning back
Keep on turning till there's no turning back

(All Niiiiiiiiiiiiiiiiight)
Keep on turning till there's no turning back
Keep on turning till there's no turning back
