

One More Time

Simon Carly

(Chorus)

One more time
Play it again before you put your guitar down
My darlin', one more time
Now that you got me dreamin'
About the good times.

"Come on girl"

You said to me, "Let's fly away
Follow me wherever I will go
And we won't worry about tomorrow"

(Chorus)

So things go
And so you left, and we drifted apart
Sorrow came, built in my heart a home
And now I'm thinking about tomorrow.

(Chorus)
