

## Riverboat Gambler

Simon Carly

Riverboat gambler  
Drinking alone on the prow  
Chasing your Bourbon with Tennessee gin  
The big game's about to begin

Riverboat gambler  
Hiding that Ace up your sleeve  
I can see through all that debonaire style  
The irony bending your smile

And I won't tip your hand  
I won't do you in  
I want to stay near you  
I want you to win

Riverboat gambler  
You can defy all the odds  
You can draw diamonds to fill out your flush  
You can find someone to trust

And I won't steal your chips  
I won't steal your pride  
Won't you take me on faith  
Won't you let me inside

Riverboat gambler  
Under our velvet and lace  
You're an old vagabond, I'm a poor waif  
Let's make a place that's safe

Riverboat gambler  
Come on and let me inside
