

# The Love's Still Growing

Simon Carly

And I'm so high  
I can't go on  
Oh but I  
Can sing this song

Because the love's still growing  
And the love's still growing

Some folk say  
That all hope is gone  
But today, the world is one

Because the love's still growing  
And the love's still growing

It's time to say  
It's time to know  
that it's O.K., that some must go.
