

## Think I'm Gonna Have a Baby

Simon Carly

Platform shoes on table tops  
I think I'm gonna be a lady  
Opinions flyin' right and left  
I think I'm gonna tell him maybe  
They're puttin' out too many phonograph records  
I think I'm gonna have a baby, a baby

I wouldn't be naughty for the sake of naught  
Or be different just to differ  
I wouldn't sell myself just to get bought  
Or give to just deliver  
They're puttin' out too many phonograph records  
I think I want to be a river, be a river...

Rivers do such nice things, they roll to the sea  
When I am a river then I'll want to listen to me

So you pick me up, and you tune me up  
And you wind me up and play me  
You talk about heart, and you say you know soul  
And the way to treat a lady  
You're puttin' out too many phonograph records  
I think I'm gonna have a baby, a baby

Babys do such nice things, they rock on your knee  
When I was a baby my rockin' was something to see
