

# Star

Simon Webbe

All of the girls and the boys at the party  
And I'm the only one alone  
So I crossed the dance floor  
Heading for the back door  
Ready to make my way home  
But wait a minute what's this I see  
J-lo glow and legs to spare  
Something you got put it on me  
Guess I ain't going anywhere

I don't know what it is  
But it's shining like a star  
So come on over  
And show me who you are  
A little closer I can't touch it from afar  
Just you and me girl  
Dirty dancing in the dark  
And oh..

Well we could talk a little  
Laugh a while and maybe  
Talk a little more  
But let's sidestep the usual bullshit  
Make our way onto the floor  
Baby there's something bright about you  
Your eyes, your smile, your style of dress  
You make me feel like I'm a sinner  
And now I'm ready to confess

I don't know what it is  
But it's shining like a star  
So come on over  
And show me who you are  
A little closer I can't touch it from afar  
Just you and me girl  
Dirty dancing in the dark  
And oh..

And oh if you let me touch your body  
Girl I'll let you put it on me  
I can make you feel so good, so good..

And oh if you let me touch your body  
Boy I'll let you put it on me  
And I really wish you would, you would

So everybody, everybody  
Nice and slow now  
With the flow now

I don't know what it is  
But it's shining like a star  
So come on over  
And show me who you are  
A little closer I can't touch it from afar  
Just you and me girl  
Dirty dancing in the dark

And oh..

(3x)

So everybody, everybody

Nice and slow now

I don't know what it is

But it's shining like a star

So come on over

And show me who you are

A little closer I can't touch it from afar

Just you and me girl

Dirty dancing in the dark

And oh..

Uh oh
