

Take Your Time

Simon Webbe

I know exactly what I'm talkin' about
'Cause I've been there, I've been scared
So many deals that I've been in and then out
Turned dreams into nightmares
Then I realised my wants only criticised my needs
I didn't make enough cheese
I couldn't figure out my wrongs and I found it hard to breathe

Have a right to cry (sometimes)
When I'm under the weather
Feels like my world is coming down
And my job could be better
That's just today's news, maybe tomorrow this is we can do

Seize the day, change your life
Find all of your limits in the sky
Take a moment, clear your mind
Believe that your angels never lie
Change is good, just keep it movin'
Uncover new colours that are kind
Different ways, brand new heights

Don't worry just take your time, and you'll be fine

Too many people get frightening or lightening
Always strikes them in the same place twice
Never seeking true guidance it might be
They need a little direction in life

It's alright to cry (sometimes)
When I'm under the weather
Feels like my world is coming down
And my job could be better
Yeah and that's today's news, you see tomorrow this is we can do

Seize the day, change your life
Find all of your limits in the sky
Take a moment, clear your mind
Believe that your angels never lie
Change is good, just keep it movin'
Uncover new colours that are kind
Different ways, brand new heights
Don't worry just take your time, and you'll be fine

You don't have to be fed up each and every day of your life
(Stop complaining just stop all the hating open your eyes)
And the world will be better if you believe and you try
(Stop complaining about things you can't get)
You won't know till you try

We won't stop
We won't stop
We won't stop till we try
We won't stop till we try
We won't stop
We won't stop
We won't stop till we try

Seize the day, change your life
Find all of your limits in the sky
Take a moment, clear your mind
Believe that your angels never lie
Change is good, just keep it movin'
Uncover new colours that are kind
Different ways, brand new heights
Don't worry just take your time, and you'll be fine

Seize the day, change your life
Find all of your limits in the sky
Take a moment, clear your mind
Believe that your angels never lie
Change is good, just keep it movin'
Uncover new colours that are kind
Different ways, brand new heights
Don't worry just take your time, and you'll be fine
