

Bird on a Wire

Simple Minds

I watch while you parade real slow
Slipping through the virgin snow
By then you ride your queen
Opium and buddhists dreams

I'm heavenly time, many a time, my bird on a wire
I'm heavenly time, no reason to cry my bird on a wire

Red crown bird shack you were raised
Silver burns in the grave
Open melody in your head
Happy gangster in your bed
I'm seeing fit to go
I wouldn't want to dig that low
Suddenly insects start to sing
Nectar is so poisoning

I'm heavenly time, many a time, my bird on the wire
I having a good time, rapidly define, my bird on the wire

I'm having a good time, money with sweet time, no never need to
cry
I'm having a good time, so this is good night, my bird on the w
