

## Chelsea Girl

Simple Minds

And now the sound of time is getting fast  
It's getting late  
Don't know if I can take much more  
The way you talk I often wondered  
If I heard the words somewhere  
Someplace before  
I got so nervous when I called  
And found that lately  
You had gone and changed your name  
But I've got something on my mind  
I want you here  
I want you now  
You better explain  
Is it true you're running round  
Now is it true they're calling you  
The Chelsea Girl  
Is it true you're running round  
Now is it true they're calling you  
The Chelsea Girl

Your best friend never calls you up  
But you don't mind  
'Cause lately things are all the same  
Ain't it strange how people always seem  
To know your face  
But just don't know your name  
Well I don't care there's no-one there  
That even turn around and say get out of this place  
Last night I saw a shooting star  
When morning comes  
She hides away  
A real disgrace

Is it true you're running round  
Now is it true they're calling you  
The Chelsea Girl  
Is it true you're running round  
Now is it true they're calling you  
The Chelsea Girl

Oh Chelsea Girl  
You got me caught up in a whirl  
I want you here now Chelsea Girl
